**Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 3:15 p.m. Wednesday, February 2, in Room 106, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed changes in existing rules and regulations.

The 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the executive administrator of the Board of Nursing, Room 551-S, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

A summary of proposed regulations and their economic impact follows.

**K.A.R. 60-4-101 and K.A.R. 60-8-101. Payment of fees.** Based on changes in statutes, a fee for verification of licensure in Kansas to another state may be charged

to the licensee. Economic impact on licensees and the board would be moderate.

**K.A.R. 60-4-103. Fees and travel expenses for school accreditation and approval of continuing education providers.** It is proposed that the biennial renewal fee for accreditation of schools of nursing be changed to an annual renewal fee. The fee will increase from \$300 every two years to \$200 every year. The annual fee will make it easier for both the schools of nursing and the Board of Nursing to budget. The slight increase in fees should only have a minimal impact on the schools of nursing and the board.

**K.A.R. 60-3-104, Reinstatement after revocation, K.A.R. 60-3-105, Reinstatement of lapsed license, K.A.R. 60-7-104, Reinstatement of license after revocation, K.A.R. 60-13-110, Reinstatement of authorization.** In K.A.R. 60-3-104 and 60-7-104, reinstatement after revocation has been removed. An applicant whose license has been revoked would request a hearing. K.A.R. 60-3-104, which only addresses reinstatement after revocation, is to be revoked. K.A.R. 60-3-105, 60-7-104, and 60-13-110 set the requirements for registered professional nurses, licensed practical nurses, licensed mental health technicians, and registered nurse anesthetists to reinstate a license or authorization that has lapsed. A separate regulation is proposed for nurses to establish the needs for temporary permits. There should be no economic impact on licensees or the board.

**K.A.R. 60-3-106. Licensure by endorsement.** The changes in this regulation are major. Several old requirements have been removed after a statutory review. Endorsement is not mentioned in statute. The regulation addresses licensure qualifications. It may cost the licensure applicant slightly more to meet licensure requirements.

**K.A.R. 60-3-106a. Temporary permits.** A new regulation is proposed to establish conditions when temporary permits may be issued. Licensees needing continuing education hours may ask for a permit while completing requirements in order to renew licenses rather than the license lapsing and the individual reinstating. This will allow the nurse to continue working yet not be practicing unlicensed. This may reduce some economic hardships on licensees. There may be a slight increase in workload of board clerical staff, but no additional staff will have to be hired. There will be a slight increase in board revenues since there is an additional fee for the temporary permit.

**K.A.R. 60-11-113. Certificate renewal.** All requirements for continuing nursing education (CNE) hours have been removed for an advanced registered nurse practitioner renewing certification. The registered professional nurse is still required to obtain 30 hours of CNE for license renewal.

Copies of the regulations and their economic impact statements may be obtained from the Board of Nursing at the address above, (913) 296-5752.

Department of Commerce  
and HousingNotice of Proposed Amendment to the  
1993 CDBG Final Statement

The following is proposed as an amendment to the Kansas Community Development Block Grant (CDBG) Program's 1993 Final Statement:

The last paragraph in Section V.F. *Section 108 Loan Guaranties* is changed to read

"Loan guaranty applications will be subject to the same selection criteria used to evaluate economic development applications, except that the cost-per-job cap for funding Section 108 projects is set at \$32,000 per job for projects funded solely by Section 108 program funds."

Furthermore, a new subsection V.H. is added to the final statement entitled *CDBG Combination Funding*. This subsection reads:

"In those circumstances in which a capital intensive project requires funding from some combination of the regular CDBG program, the Interim Financing (Float) program, and/or the Section 108 program, the cost-per-job cap is set at \$32,000 per job. For combination projects, cost-per-job will be calculated by dividing the aggregate CDBG funding from all sources by the total number of jobs being created within the overall timeframe of the project."

Notification by mail of this proposed amendment has been sent to members of the CDBG Advisory Task Force.

Comments on the proposed amendment will be received through January 6 by the CDBG Administrator, Kansas Department of Commerce and Housing, 700 S.W. Harrison, Suite 1300, Topeka 66603-3712, (913) 296-3485, fax (913) 296-5055.

Request for Comments on Proposed  
Special Local Need Registration

Notice is hereby given that pursuant to 7 U.S.C. 136v, Monsanto Company has filed an application for a special local need registration for the use of Bullet herbicide on sorghum. Bullet is needed in situations where use of alternative registered products may not result in adequate duration of control of broadleaf weeds in sorghum without excessive risk of crop damage and/or environmental insult including surface water contamination.

The purpose of the proposed special local need registration is to allow the use of this pesticide with its micro-encapsulation technology benefits to control broadleaf weeds in Kansas sorghum. At present, this pesticide is registered and commonly used to control the same weed pests in corn. At present, there is not an encapsulated pesticide available to control the same weed pests in sorghum.

Information submitted by the applicant is on file with the Kansas State Board of Agriculture. Written comments, data, or other evidence in support of or in opposition to the proposed special local need registration will be accepted until January 31. Written comments, data, or other evidence should be submitted to Gary Boutz, State Board of Agriculture, Plant Health Division, 7th Floor, 901 S. Kansas Ave., Topeka 66612-1281.

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on February 1 and August 1 in each year, beginning on August 1, 1994.

## Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

## Redemption of Bonds Prior to Maturity

At the option of the city, bonds maturing on February 1, 2005, and thereafter will be subject to redemption and payment prior to maturity on February 1, 2004, and thereafter in whole on any date or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the city's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

## Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the

bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of  $\frac{1}{8}$  or  $\frac{1}{20}$  of 1 percent. No interest rate shall exceed the index of treasury bonds published by *The Bond Buyer* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

#### Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

#### Security for the Bonds

The bonds will be general obligations of the city payable as to both principal and interest from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the city.

#### Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income, with certain other adjust-

ments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for an environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on such obligations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

#### Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from gross income for federal income tax purposes. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income.

#### Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about February 3, 1994, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 3 p.m. C.S.T. on January 18, 1994. In the absence of such informa-

(continued)

tion, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 3 p.m. C.S.T. on January 18, 1994, a certificate acceptable to the city's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

#### Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$4,600, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall, at the option of the city, be returned to the successful bidder or deducted from the purchase price. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city, and the city reserves the right to pursue any consequential damages as a result of such default.

#### CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

#### Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

#### Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person

to the undersigned at city hall and must be received by the undersigned prior to 2 p.m. C.S.T. on Wednesday, January 12, 1994.

#### Date and Delivery of Preliminary and Final Official Statement

The city has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the purchaser and the price or yield at which the purchaser will reoffer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the city will provide without cost to the purchaser a reasonable number of printed copies of the final official statement, and further copies, if desired, will be made available at the purchaser's expense. If the sale of the bonds are awarded to a syndicate, the city will designate the senior managing purchaser of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating purchaser. Any purchaser executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating purchasers for the purpose of assuring the receipt and distribution for each such participating purchaser of the final official statement.

The city will deliver to the purchaser on the date of delivery of the bonds a certificate executed by the mayor and the city clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the city's preliminary official statement relating to the bonds may be obtained from the city clerk.

#### Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1993 \$1,953,384. The total general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$245,000.

**74-11-11. On-site quality reviews.** (a) Each firm not qualifying for an off-site quality review under K.A.R. 74-11-12 shall submit to an on-site quality review.

(b) An on-site quality review shall examine the firm's system of quality control for its accounting and auditing practice to ensure that the firm is in compliance with established quality control policies and procedures to the extent necessary to reasonably ensure conformity with generally accepted accounting principles and generally accepted auditing standards.

(c) Each on-site quality review shall include the following components:

(1) There shall be a study and evaluation of the quality control policies and procedures in effect for the firm during a period of one year, which shall not have ended before the end of the previous calendar year.

(2) There shall be an examination of the following elements of quality control to the extent that they are applicable to the firm's practice in establishing quality control policies and procedures:

(A) independence;

(B) assigning personnel to engagements;

(C) consultation;

(D) supervision;

(E) hiring;

(F) professional development;

(H) acceptance and continuance of clients; and

Compliance tests related to the functions described in paragraph (c)(2) of this regulation shall be performed by the reviewing team in a manner which is practical

and applicable to the individual firm, taking into account such things as the nature of the firm's practice and size of the firm.

(3) (A) There shall be a review of specific selected financial reporting engagements completed during the review year which constitute a reasonable cross-section of the firm's accounting and audit practice sufficient to provide a basis for reasonable conclusions as to the quality of the firm's services. At least one audit conducted pursuant to government auditing standards issued by the U.S. general accounting office shall be selected where applicable. Greater weight shall be given to audit engagements that meet the following criteria:

(i) if there is a significant public interest, such as publicly held clients, financial and lending institutions, and brokers and dealers in securities;

(ii) other specialized industries; or

(iii) the audits are large, complex, or high-risk, or are initial audits of the reviewed firm.

(B) A reviewed firm may have legitimate reasons for not permitting the working papers for certain engagements to be reviewed. If the financial statements of an engagements selected for review are the subject of litigation or investigation by a government authority, or the firm has been advised by a client that it will not permit the working papers for its engagement to be reviewed, the review team shall satisfy itself as to the reasonableness of the explanation. In order to reach a conclusion that the excluded engagements do not have to be reported as a scope limitation, the review team shall consider the number, size, and relative complexity of the excluded engagements and shall review other engagements in a similar area of practice, if possible, as well as other work of the supervisory personnel who participated in the excluded engagements.

(4) There shall be a review of financial statements, accountants' reports, working paper files and correspondence, as well as discussions with professional personnel involved in rendering the firm's service.

(A) The reviewer shall document whether anything came to that reviewer's attention that caused the reviewer to believe that:

(i) the financial statements were not presented in all material respects in accordance with generally accepted accounting principles or other comprehensive basis of accounting, unless proper disclosure exists;

(ii) the firm did not have a reasonable basis under applicable professional standards for the report issued;

(iii) the documentation on the engagement did not support the report issued;

(iv) the engagement was not carried out in accordance with generally accepted auditing standards or other similarly recognized authoritative technical standards; or

(v) the firm did not comply with its quality control policies and procedures in all material respects.

(B) In the event of discovery during a quality review of a failure with respect to (i) through (v) above, the firm shall be promptly informed by the reviewer. The firm shall immediately investigate and take whatever action is necessary to address the matter while keeping the reviewer in charge informed as to the investigation and actions taken.

(5) There shall be an interview of the responsible personnel engaged in performing the firm's professional function.

(6) There shall be a review of other evidentiary material such as personnel files, administrative files, correspondence files relating to technical or ethical questions, and the firm's library.

(8) A written report of the review shall be provided to the firm and the report acceptance committee within 30 days of the exit conference along with, where applicable, a letter of comments.

(9) If applicable, a written response by the firm to the letter of comments outlining the actions to be taken with respect to the recommendations made by the quality review team shall be sent to the report acceptance committee within 30 days of receipt of the report from the reviewer.

(d) The firm shall respond promptly to questions raised in the review, and shall take appropriate remedial and corrective actions as necessary with respect to any noted deficiencies. (Authorized by and implementing K.S.A. 1-501, as amended by L. 1993, Ch. 103, Sec. 3; effective Feb. 14, 1994.)

**74-11-12. Off-site quality reviews.** (a) For each sole practitioner performing audits, a quality review conducted at the reviewer's office or another agreed-upon location shall be permissible if the sole practitioner:

(1) has four or fewer professional staff;

(2) holds one or more meetings, by telephone or in person, with the reviewer to discuss the firm's responses to the quality control policies and procedures questionnaire, engagement findings, and the reviewer's conclusions on the review; and

(3) Sends the following materials to the reviewer prior to the review:

(A) all documentation related to the resolution of independence questions identified during the year under review with respect to any audit or accounting client or related to any of the audit or accounting clients selected for review, no matter when the question was identified, if the matter still exists during the review period;

(B) the most recent independence confirmations received from other firms of CPAs engaged to perform segments of engagements on which the sole practitioner acted as principal auditor or accountant;

(C) the most recent representations received from all professional staff concerning their compliance with applicable independence requirements;

(D) documentation, if any, of consultations with outside parties during the year under review in connection with audit or accounting services provided to any client;

(E) a list of relevant technical publications used as research materials;

(F) a list of audit and accounting materials;

(G) continuing professional education records sufficient to demonstrate that the sole practitioner and the practitioner's professional staff have complied with

the state board's requirements for renewal of permits to practice;

(H) the relevant working papers, files, and reports on the engagements selected for review; and

(I) any other evidential matters requested by the reviewer.

In the event that deficiencies are noted during the review of selected engagements, the scope of the review may have to be expanded before the review can be completed.

(b) For each firm that performs no audits of historical or prospective financial information, but performs review or compilation engagements, an off-site quality review shall be available.

(c) Each off-site quality review shall be conducted to provide a reasonable basis for expressing limited assurance that the financial statements and related accountant's report on the review and compilation engagements submitted for review do not depart in a material respect from the requirements of recognized professional standards.

(d) Each firm shall provide summarized information as requested by the reviewer in charge to facilitate selection of the types of engagements to be submitted for review in accordance with the following principles.

(1) Both review and compilation engagements shall be included if both levels of service are provided.

(2) Clients operating in different industries shall be included.

(3) Engagements involving prospective financial information as well as those involving historical financial statements shall be considered.

(4) The number of engagements selected shall adhere to the following guidelines:

(A) There shall be one review or compilation engagement involving a report on a complete set of financial statements, a full disclosure engagement as opposed to compilation reports on financial statements that omit substantially all of the disclosure required by generally accepted accounting principles or another comprehensive basis of accounting, for each proprietor, partner, or shareholder responsible for the issuance of reports. At least two engagements shall be selected for the firm.

(B) For the firm as a whole, one compilation engagement involving a set of financial statements that omits substantially all of the disclosure required by generally accepted accounting principles or another comprehensive basis of accounting shall be selected. If the firm's accounting practice consists only of compilation reports on financial statements that omit substantially all required disclosures, two of these types of reports shall be selected.

(e) Each firm shall submit to the reviewer in charge the appropriate financial statements and reports, along with specified background information and representation concerning each engagement.

(f) (1) An off-site quality review shall not include a review of the working papers prepared on the engagements, tests of the firm's administrative or personnel files, interviews of selected firm personnel or

(continued)

other procedures performed in an on-site quality review.

(2) An off-site quality review shall consist only of reading the historical or prospective financial statements submitted by the firm and the accountant's review or compilation report thereon, together with certain background information and representations provided by the firm.

(3) Each financial statement submitted shall be reviewed to determine whether it appears to conform to generally accepted accounting principles or, if applicable, other comprehensive basis of accounting, and whether the report conforms with professional standards.

(g) Within 30 days of the completion of the quality review, the firm and the report acceptance committee shall be furnished a written report of the findings and recommendations of the reviewer.

(h) An off-site quality review shall not provide a basis for expressing an opinion as to the firm's quality control policies and procedures. However, the reviewer shall include in the report any failure to conform with the requirements of professional standards.

(i) Within 30 days after a firm receives a report noting that it has failed to conform to professional standards, that firm shall furnish to the report acceptance committee a written response which shall include the firm's specific plans to correct the failures. (Authorized by and implementing K.S.A. 1-501, as amended by L. 1993, Ch. 103, Sec. 3; effective Feb. 14, 1994.)

#### **74-11-13. Letter of completion of quality review.**

(a) The report acceptance committee shall provide each firm reviewed with a letter certifying completion of a quality review.

(b) Failure to comply with requests of the report acceptance committee shall be grounds for disciplinary action by the board. (Authorized by and implementing K.S.A. 1-501, as amended by L. 1993, Ch. 103, Sec. 2; effective Feb. 14, 1994.)

#### **74-11-14. Waiver of quality review requirements.**

(a) At the time of permit renewal, a firm may request in writing, upon a form provided by the board, a waiver from the quality review requirement for one of the reasons outlined in K.S.A. 1-501.

(b) Should the conditions that precipitated the waiver change, the firm shall be required to notify the board in writing, within 30 days of the date of such change.

(c) Failure of the firm to comply with the terms, conditions, or limitations of a waiver granted by the board shall be grounds for disciplinary action by the board. (Authorized by and implementing K.S.A. 1-501, as amended by L. 1993, Ch. 103, Sec. 3; effective Feb. 14, 1994.)

If, after the 30 day waiting period, the parent has not given consent to the evaluation, the local education agency shall attempt to meet with the parent and explain the need for the evaluation and answer questions of the parent. If the parent still refuses to consent to the proposed evaluation, the local education agency shall either accept the decision, or apply to a court of competent jurisdiction for an order directing the evaluation, or pursue a local education agency initiated hearing in regard to the matter. Records of contacts and consultations with the parent shall be maintained by the local education agency.

(2) Parental consent shall not be required for any re-evaluation providing that:

(A) The child has been placed initially in accordance with the requirements of K.A.R. 91-12-44 through 91-12-48;

(B) the program is current and has been reviewed or revised annually; and

(C) the child's parents have been given prior written notice of the proposed re-evaluation.

(c) Independent evaluation. Each local education agency shall provide to parents, on request and when a notification of proposed action is given, information about where an independent evaluation may be obtained.

(1) Right to evaluation at public expense.

(A) An independent educational evaluation shall be provided at public expense if the parent disagrees with the evaluation by the local education agency, unless the local education agency initiates a due process hearing to show that its evaluation is appropriate. If the final decision is that the school's evaluation is appropriate, the parent still has a right to an independent evaluation, but its expense shall not be required to be borne by the school. The results of the independent evaluation, however, shall be considered by the local

education agency or any hearing officer, or both, in decisions made with respect to the provision of a free appropriate public education for that child.

(B) Whenever an independent evaluation is provided at public expense, the criteria under which the evaluation is obtained must be the same as the criteria which the local education agency uses when it initiates an evaluation. The credentials of the independent evaluator or evaluators shall be at least comparable to the credentials of the local education agency's evaluators. The local education agency shall not be responsible for the costs of unreasonably expensive independent evaluations when comparable evaluations can be obtained at a lesser cost.

(2) Limitations on the costs of independent educational evaluations (IEEs) at public expense may be established only if those limitations are reasonable.

(A) Where the cost of an IEE exceeds the cost limitations, the public agency shall pay for the IEE up to the limitation; and

(B) The cost of an IEE at public expense may exceed the established limitations if necessary to ensure that the IEE meets the child's unique needs.

(C) If any hearing officer requests an independent educational evaluation as a part of a hearing, the cost of the evaluation shall be at public expense. (Authorized by and implementing K.S.A. 72-963; effective May 1, 1983; amended Feb. 14, 1994.)

**91-12-46. Special education action following evaluation.** (a) After the evaluation of any child is completed, the special education action to be taken in regard to the child shall be determined. This proposed special education action shall not be taken until the local education agency has mailed or personally delivered to the parent of the child written notice:

(1) Describing the proposed action and stating the reasons the action is deemed appropriate for the child. Evaluation procedures, tests, records, or reports upon which the action is based shall be included. This description shall state the options that were considered by the local education agency, the reasons for rejecting those options which are not proposed for the child, and any other factors which are relevant to the agency's proposal;

(2) advising the parent of the right to consent or object, in writing, upon forms provided by the local education agency, to any proposed action;

(3) advising the parent of the rights regarding procedural due process, including the right to a hearing;

(4) informing the parent that, if written consent is not given, the local education agency, on its own initiative, may request a due process hearing;

(5) informing the parent of any free or low cost legal services or other relevant services in the area;

(6) advising the parent of the right to have access to school reports, files, and records related to the proposed action; and

(7) advising the parent that the child will remain in the present education placement until a decision is made following a due process hearing or until the proposed educational action is consented to, in writing, by the parent. The present education placement shall continue during the pendency of any adminis-

trative or judicial proceeding, unless the parent consents to a change in placement.

(b) If the parent of the child gives written consent for the proposed action, it may be initiated immediately. If written consent is not given, action shall not be taken within a period of 30 days. This period shall be for the purpose of affording the parent an opportunity to indicate the parent's objections to the proposed action. If, after the 30 day waiting period, the parent has not given written consent to the proposed action, the local education agency shall attempt to meet with the parent and explain the need for the proposed action and answer questions of the parent. If the parent still refuses to consent to the proposed action, the local education agency shall either accept the decision or initiate a due process hearing in regard to the matter. Records of contacts and consultations with the parent shall be maintained by the local education agency. (Authorized by and implementing K.S.A. 72-963; effective May 1, 1983; amended Feb. 14, 1994.)

**91-12-71. Educational advocates; qualifications and powers.** (a) Each person appointed as an educational advocate shall:

(1) Be at least 18 years of age;

(2) have completed a training program respecting the powers, duties and functions of a lawful custodian to ensure adequate representation of children;

(3) have presented three references for appointment as an educational advocate; and

(4) have no interest that conflicts with the interest of the child he or she represents.

(2) comply with applicable confidentiality requirements imposed by state and federal law;

(3) actively participate in the development of the child's individualized education program; and

(4) diligently exercise all the other rights given to lawful custodians under the special education for exceptional children act. (Authorized by and implementing K.S.A. 72-963; effective, T-86-41, Dec. 11, 1985; effective May 1, 1986; amended Feb. 14, 1994.)
